Fact: Few things in life are better than a bath—or a hotel bathroom, for that matter. And at these stunning properties all over the world, you can partake in this relaxing pastime like a royal. Between the over-the-top designs, alfresco settings, outrageous views and bespoke bath salts and amenities, there's something for everyone who favors a little R&R.

VIK CHILE

VIK (SAN VICENTE DE TAGUA TAGUA, CHILE)

Behold a sight for sore eyes (and tired limbs): the Vik Vessel in the **VIK Master Suite**. A one-of-a-kind bathtub suspended in midair, the vessel is unrivaled in its design and positioned right in front of the serene Millahue Valley landscape. And although there's plenty to see and do at this avant-garde retreat and wine-spa (think horseback riding, wine tasting, hiking and picnicking in the hills), you may never want to leave your bathroom.
